1. All pending claims 1-4 are allowed. Claim 1 is independent.

2. The following is an examiner's statement of reasons for allowance:

Independent claim 1 and its dependent claims 2-4 are allowable over the prior art of record. Examiner agrees with Applicant on that the closest prior art Olsen (U.S. Patent No. 5,316,285) differs from the claim 1 invention in that the lever of Olson for realigning the sheets of the paper stack after each single-sheet is fed does not meet the claimed limitation "the realignment means" "are movable ...", when the load exerting means "are moved ... with the aid of the actuating means". Please refer to Applicant's remarks filed August 16, 2004, page 5, paragraph 5 to page 6, paragraph 2. The claimed realignment means is patentably different from the level for realigning of Olson. Therefore, claim 1 and its dependent claims 2-4 are allowable over Olson.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
